

Growing Turning Slicer Turning type Vegetable Slicer (YT-8602, ST-9705, ST2in1-9705CSD) **(NEW PATENT!!)**

Growing Turning Slicer is specialized in making fine slices carrot / radish (very suitable for SEAFOOD market, especially Japanese food/sashimi). Make fine stripped potato, slices of whole cabbage, and curly slices of cucumber for salad, and onion strands for hamburger. You can make vegetable slices in various thicknesses with easy adjustment.

Great for Potato, Zucchini, Cucumber, Carrots, and Cabbage, as it turns them into fun vegetable spaghetti.

[3 Models]

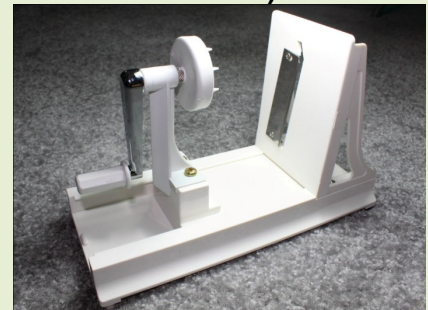

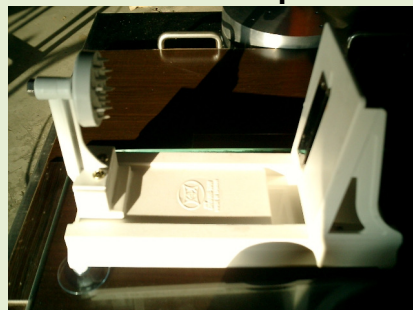

Growing Turning Slicer (YT-8602): Light, simple, and convenient model.

Growing Turning Slicer for CSD (ST-9705CSD): This model is improved from YT-8602, which replace the SOCKETS instead of crank handles and operate with the Cordless Screwdriver (CSD) instead of the Crank Handle. The advantage of ST-9705CSD is its speed and time-saving. It can make fine carrot / radish slices for around **60 kilograms within 60 minutes**.

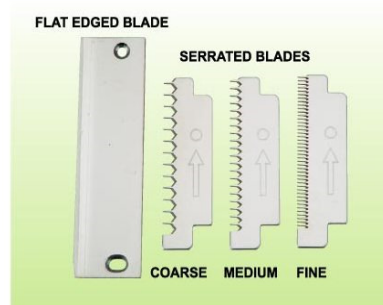

Growing Turning Slicer 2-in-1 (ST2in1-9705CSD): Great for people who want benefits from both models (manual or CSD).

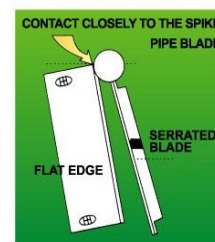

(DC12V 1.5Ah Variable Speed Cordless Screwdriver)

Best quality blades: Our blades are extraordinary keen-edged, the new type serrated blade, which can be cut in any direction, various thickness with easy adjustment. Amazing garnishing as thin as 0.3mm to a thickness of 5mm, width from 1.0mm to 8.5mm, specialty in fine slices of tender ginger.

Unique Serrated Blades, which made of stainless steel.

Be sure the edge of serrated blade touched the pipe blade, and secure the tightening screw.

What you can do with Growing Turning Slicer:

- (1) **Pasta/Noodle:** various kinds of pasta/noodle from angel hair to fettuccine.
- (2) **Salad:** zucchini, cucumber, carrot, cheese slices/strands.
